### Other Chapter Business

#### Chapter Business

Chapter Corporation: To resolve an outstanding IRS issue, the chapter needs to dissolve the corporation and then merge it with a successor corporation. This requires a vote of the chapter to approve the merger and dissolution at the next general meeting, 11 March 2023.

Flight Simulator: To oversee the flight simulator that was donated by John Edwards, the chapter is asking for volunteers interested in serving on a committee to craft policies and manage the access and equipment. This will include providing training on the simulator's operation and access to the EAA building space.

Chapter Website: The website on EAA.org has been updated, so check it out! <https://chapters.eaa.org/ea791>
