

Monthly Chapter Newsletter

# Chapter 791

OCT 2023

**Next Meeting Saturday, 14 Oct @ 9AM**

## General Meeting

### Chapter Business

This is a reminder that our monthly meeting is scheduled for Saturday, 14 Oct at 0900. The airport gate will open at 0800 for coffee, conversation, and fellowship. The meeting will start at 0900 sharp.

As it begins to cool down and the days get shorter, we are reminded that fall is upon us. Be on the lookout for that early morning fog!

During the meeting this month, we will discuss the club's flight simulator, VMC/IMC interests, and new shirts and other items for our chapter. Hope to see you all there!

## Young Eagles Flights

We do not currently have any Young Eagles events scheduled.

## Announcements and Classifieds

Our Chapter has been invited to visit the Aerospace Career Academy at Sunlake High School. We are looking for 5-8 volunteers to be EAA Chapter 791 Ambassadors and speak about the YE program and the benefits it provides to young aspiring pilots. There are five (5) classes for us to visit and having a few Ambassadors with us will allow us to visit more than one class at a time. More information during the monthly meeting.

McFarlane Aviation offers a 5% discount for EAA members! Click [here](#) to request your discount.
